Keep Staff & Visitors Safe With BrabourneCallPoint

BrabourneCallPoint is designed to provide on site call points for employees and site visitors to summon assistance quickly and effectively.

A high visibility press switch is activated with a quick push sending the location of the call point to security control or reception.

BrabourneCallPoint can be used to summon first aid and with BrabourneCallPoint+ a two way conversation can provide details of the assistance required. It can also be used by contractors and other site visitors who may be working on site e.g maintenance engineers.

Suitable for use indoors or outdoors BrabourneCallPoint can also be used to request access to site e.g requesting gates or barriers open.

Call now on 01332 363135 or e mail sales@brabournecommunications.com for your free survey and no obligation quote to see how BrabourneCallPoint & BrabourneCallPoint+ can save you money and keep staff and visitors safe.
